### RAISE SILVER FOXES

If you could buy a pair of the best quality profitable Government Registered Silver Black Breeding Foxes on easy terms of payment until next week, for \$125.00, for \$100.00, would you be interested?

For Farming, pure bigger pups than any other industry we know of, the returns are quick and the profits large. Silver Black Foxes are the greatest money lifters that we know about. They produce yearly returns and are not affected by drought, hail or frost.

practical work of affairs, who can apply the discoveries of science to the economic needs of the nation.

It is not enough for our universities to turn out young fellows with a thorough grounding in scientific and cultural theory. Those young men will graduate to the place where their abilities will be put to work. What we need in Canada is a balanced education comprising not only the ability to do knowledge but the ability to put that knowledge to work.

What is balanced education must be the first duty of our universities

## RACE TREASON

Since the bootlegging of liquor in the United States is becoming increasingly hazardous and decreasingly profitable, the lawless element says a detour from New York, is turning to the bootlegging of low-standard insurance.

It is estimated that 60,000 aliens were smuggled into the United States during the last six months of 1924. The total profits from this trade, for 1924, are figured at \$30,000,000.

It is something to be alarmed about.

To smuggle in bootleg liquor is treason to the American constitution and patriotism to a few thousand Americans.

To smuggle in undesirable aliens is treason to the American constitution and patriotism to the blood stream of the civilization.

The drunken man will either get over it or die. His delirium will

To pollute the blood stream of a nation with undesirable aliens is to debauch the whole life of that nation and to mark it indelibly with infamy and confusion.

## CALLING IN THE DEVIL

William D. Sheppard, accused of murder in Chicago, has engaged for defense the famous Clarence Darrow, whose uncanny genius coupled with a little juggling, spending, managed to save the accused and look for the gallows.

Darrow boasts that no client of his has ever been hanged. He manages to save them because he is a genius. But he is a genius who throws the weight of his intellect against law and order, against society and against justice.

In medieval days, so legend runs, certain gentlemen and ladies were able to get themselves out of very serious scrapes by calling in the devil.

But if they were caught doing it, they were put to death.

In view of the perverted activities of Clarence Darrow in defending justice, it seems that these medieval lawbreakers might have had the right idea after all.

## TO OUR COUNTRY PATRONS:

The motor car has made it possible for you to get in a full day on the farm on Saturday during the busy season and still get to town in time to do your shopping before closing time. We should like to suggest that those who have phones send in their orders as much as possible on Saturday morning in order that we have more time to attend to them, and so give you more nearly the service we like to give you, and to which we feel you are entitled as customers of this store.

The alimony case of Bjelchick was dismissed with costs to the defendant.

Bulmer vs. Bulmer was a divorce case in which a decree absolute was granted. A will action was settled by the parties themselves.

THIRD FOOTINGNIGHT CROP REPORT

Issued by Department of Agriculture, Alberta Government, Edmonton Saturday, May 16, 1925.

Seeding of wheat is practically completed throughout the province at this date, save in the territory immediately tributary to Edmonton, which appears to be somewhat later and where from 50 to 75 per cent of the wheat is in the ground. A few days ago of the present favorable weather will see the completion of wheat seeding in this district.

Reports received indicate that the province will probably be 10 per cent. Delay in spring operations due to backward weather in the more central and northern districts has led to considerable area of wheat compromised on stubble, a larger area than usual being put in in this way.

Seeding of the coarse grains is well under way with from 30 to 50 per cent completed.

The weather generally speaking during the past fortnight has been cool and backward, with frosts in certain localities and growth consequently has been slow. In some of the southern districts early sown wheat is up from two to four feet.

Warner weather has prevailed during the past few days, but there has been no precipitation to speak of in any locality since last report. Moisture conditions continue satisfactory, however, there being sufficient in the soil to give good germination.

Pasture is improving rapidly, and stock is picking up in condition. A good deal of water is still lying in the low places in nearly every district in the province. Sloughs which have been dry for some years past are now filled.

In the southern districts there has been a very large increase in the area given over to sweet clover, corn and alfalfa. In the Lethbridge district, blinding of sugar beets is about completed. Percentage of winter killed winter wheat and rye is small.

No serious outbreak of grasshoppers is anticipated this season. Farmers, however, are urged to keep a sharp lookout for any grasshopper outbreaks that may occur and report same to the Department at Edmonton at once.

## REACH & COMPANY, Ltd.

GENERAL MERCHANTS, GROCERIES, FRUITS AND VEGETABLES

Many people do not have much luck with seeds—a good deal of the trouble is that the seedmen are not honest. They palm off old stocks. Mr. Reach & Co. short time ago took two packets of Nasturtium seeds and opened them up. The result was there was not a half-dozen seeds that you would take a gambler's chance of them ever germinating. It seems a dirty shame that the poor woman who buys them, hoping to have a little patch of color around the house, after waiting a reasonable time gives them up for lost. It is a mean species of extortion and graft.

Bedding Plants, Flowers and Vegetables is the only solution. You take no chance with them. You buy them all ready to bloom—you have none of the "It makes your heart sick with waiting."
